Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Remarks

In response to applicant's Amendment, dated March 19, 2003, the examiner acknowledges the corrections of the objections related to the Specification and Claims set forth in the Office Action mailed January 17, 2003.

Regarding the 35 U.S.C. 112 rejection of claim 13, the applicant points out that the specification states that the invention may be implemented using "control electronics software" in paragraphs 55 and 60. Thus, the examiner withdraws the 35 U.S.C. 112 rejection of claim 13 set forth in the Office Action mailed January 17, 2003.

Regarding the 35 U.S.C. 103(a) rejection of claims 1-13 as being unpatentable over Bleijenberg (US 4,888,543) in view of Sperling, et al. (US 5,815,246), the applicant makes the argument that Bleijenberg does not disclose the "measurement of vibrations of the translator in more than one degree of freedom" nor the "determination of a phase relationship based on the measured vibrations." The examiner has considered the applicant's arguments in light of the amended claims and withdraws the rejection.

Allowable Subject Matter

1. Claims 1-36 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest a lithographic projection apparatus that includes a positioning system comprising a stator and a translator movable in more than one degree of freedom, along with a vibration measurer to measure vibrations of the translator in

Art Unit: 2851

more than one degree of freedom and to determine a phase relationship between the translator and the stator on the basis of the measured vibrations

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney Fuller whose telephone number is (703) 306-5641. The examiner can normally be reached on Monday through Friday from 8:00 am to 4:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Russ Adams, can be reached on (703) 308-2847.
